# The New CXD 120 – Proactive Protection System for the Storage of Digital Media

Each CXD 120 offers you 25 Corrosion Intercept® double sided pages presented in a TIMECARE™ acid free, lignin free ring binder box.

Quantity	Price each box complete with pages	CD Capacity	Price per CD storage
1 x CXD 120 system	£31.20	120	0.26

For larger quantities please ask - All prices exclude delivery & VAT

## What is it?

The Corrosion Intercept® CD album pages are a revolutionary patented technology which uses semi-conductor's technology to transform plastic into a protective, reactive barrier against corrosive gasses, fungus and bacteria.

## What causes the damage?

Ozone and reactive oxygen causes the aluminium layer on the CD's to breakdown.

When aluminium in a thin film oxidises, it becomes clear and unable to reflect the laser pulse attempting to read the CD. CXD120 album pages protect against this failure.
